

GWAVA Cloud Unified Archiving

Reduce Costs - Manage Complexity - Mitigate Risk

GWAVA Cloud Archiving provides simple eDiscovery, message archiving and publishing for organizations looking to optimize storage and reduce legal costs.

Locate pertinent messages quickly and comprehensively even as your email volumes and compliance requirements grow. Leverage cloud services to reduce maintenance, reduce hardware costs, and free up resources to work on strategic business initiatives.

eDiscovery Management

Fastest search and recovery email usage enforcement. Define email policies and apply rules or policy changes through 24x7 Web Access.

- Multi-platform - Archive your entire messaging system including: Office365, live@edu, GroupWise, Exchange, Gmail, Facebook and Twitter
- Printing & Portability - For end user search, recovery and printing. Quickly perform eDiscovery, and regulatory searches, export to PST & PDF
- Redaction and Query - Customize searches and protect sensitive data

Protect Your Data

GWAVA's secure and redundant data centers keep your messages fully protected and backed up, removing the risk of loss due to onsite server failure.

- Audit Trail - Audit the administrators w/ permission to search email from HR to IT
- Configurable Permissions - Grant access to only those with clearance
- Private Data Storage - Your data is not conjoined with other organizations, ensuring nobody gains access to private information. Mirrored SANs for redundant protection

Worry-free Deployment

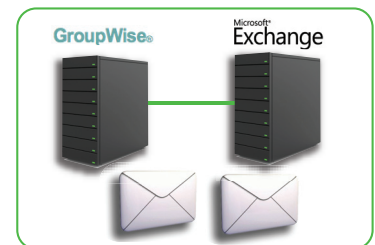

Archive email without worrying about disk-space. Eliminate storage quota headaches by archiving email; with our proprietary search technology, recover email quickly.

- Implementation by GWAVA - Be it a new system, migratory or multi-tenant, GWAVA will help get you started
- Zero Limitations - Unlimited hardware, data storage and processing power all on-demand
- Ongoing Support & Upgrades - Worry-free with 24x7 support, ongoing upgrades and maintenance
