

GWAVA Cloud Messaging Continuity

Reduce Costs - Manage Complexity - Mitigate Risk

GWAVA Cloud Message Continuity protects your organization from email outages, productivity disruptions and data loss should your on-premise GroupWise system experience a hardware failure or a site disaster.

Up-to-date backups are stored in GWAVA's secure datacenters and can provide full email capabilities to your company in the case of a disaster or outage.

Disaster Recovery

Increase email availability, keep employees productive in the event of a disaster or outage with immediate fail-over to the cloud.

- One-Call Recovery - Email available after push-button access. No other system delivers immediate disaster recovery.
- Cloud Access - Minimize the risk of data loss due to on-premise server failures
- Recovery Support - Recovery services from GWAVA 24x7, anywhere in the world

Risk Management

Built-in fail-safe redundancy, monitored recovery testing and policy management to give you peace of mind that your Disaster Recovery is working.

- Consultative Implementation - GWAVA works with you to setup a customized Disaster Recovery system
- Detective Alerts - Real-time alerting and access to your live Disaster Recovery system
- Corrective Services - Daily Reporting, statistics and immediate GWAVA support access

Minimize Overhead

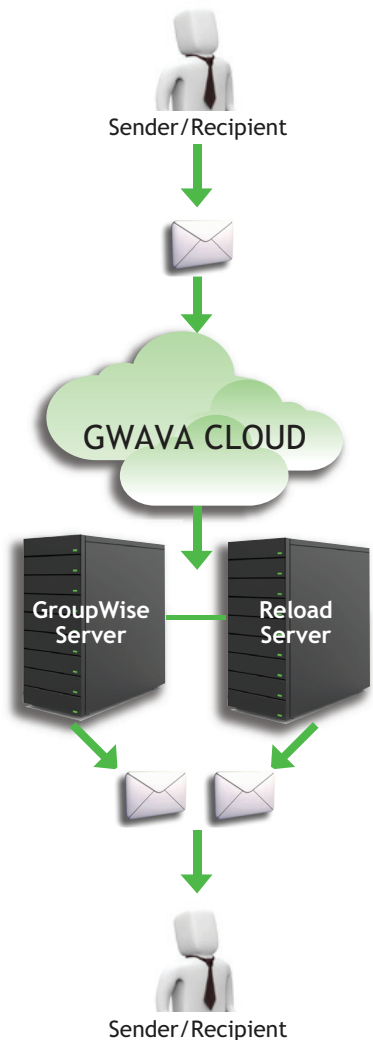

Allow real-time user access to deleted email, with entire daily backups; what takes days or weeks to recover from archives is done in minutes with Cloud Message Continuity.

- End-user recovery - Immediate access to end users to find and recover single deleted email
- Single Instance Recovery - access single email without doing a full archive restore
- Post Office Integrity System - Recovery is not only data, but user preferences, calendars, folders, etc.
