

GWAVA Cloud Services

Reduce Costs - Manage Complexity - Mitigate Risk

For more than 10 years, over 15 million users have trusted GWAVA's messaging security, unified archiving and disaster recovery on-premise solutions. GWAVA Cloud Services delivers these same trusted services from the Cloud enabling customers to reduce costs, manage complexity and mitigate risk.

Reduce Costs

GWAVA Cloud Services eliminates costly IT hardware, software and support costs. Cloud customers simplify budgets by shifting capital expenses to consistent manageable operating expenses.

- Lower TCO - On average cloud services save 30% over on-premise installations
- Scalable - No long term commitments; use what you need, when you need it.
- No Upfront Costs - Eliminate costly hardware investments
- Reduce Overhead - IT administration costs are reduced

Manage Complexity

By eliminating IT administration and maintenance of email security, archiving and business continuity, IT organizations can focus on delivering direct value to the core business and leave the administration overhead to the experts at GWAVA.

- Ensure Compliance - Compliance, security, upgrades and maintenance managed by GWAVA
- Reduce Support Headaches - Award winning 24/7 support included
- Optimize Infrastructure - Endpoint management, Web access and data protection

Mitigate Risk

Ensure your organization is in compliance with all regulations for eDiscovery, IT security and data-housing regulations with single point accountability in the cloud.

- Secure Datacenter - SAS 70 Type II, PCI, HIPAA certified
- Ensure Continuity - Redundant data centers with Guaranteed uptime and multiple fail-safe insurance points.
- Retention Management - Archiving and discovery simplified, mirrored SANs for redundant protection, private data storage.
